GoMe
Week 9 Report

4/20/19 – 4/26/19
Client: General Public
Faculty Advisor: Goce Trajcevski

Team Members
Michael Arnold - Chief Engineer
Jacob Montgomery - Lead UI
Jaclyn Ralfs - Data Analytics/Scribe
Akaash Suresh - Engineer/AI Tech
Mark Marrano - Systems Engineer/Requirements Analysis
Bailey Jensen - Lead Back End/AI Tech

Past Week Accomplishments
- Continue merging AI with Data Collection - Michael, Jaclyn, Akaash, Bailey
  - Now that we have our data collected we can begin picking out the specific data points we need to feed to our AI and then begin feeding it to our AI.
- Create Demo for the presentation - everyone
  - Presented detailed draft presentation to Goce, he liked it but had some ideas for improvement
- Continued working on the schedule page - Jake and Mike
- Continued working on the profile page - Mark
- Finished finalized project plan document

Pending Issues
None currently
